#### 1 Nordic Hotel Forum, 2021-2022

Rebranding of the Nordic Hotel Forum's visual identity and signage. The Nordic Hotel Forum is a modern four-star superior business and conference hotel in the very heart of Tallinn. The hotel reopened on August 2, 2021 following a full renovation.

The new identity uses a typeface based on a matrix which create a unique and distinctive look. It suggests the idea of an assemblage, a collection of memories or meetings while travelling or staying at the hotel.

The visual identity and signage are based on a basegrid and the dotted identity connects to the interior design of the hotel and its rooms.

#### 2 Restaurant Noho, 2021

Restaurant Noho is the Nordic Hotel Forum's restaurant. It is located in the centre of Tallinn, on the ground floor of the Nordic Hotel Forum.

Restaurant Noho is a dynamic fusion of Japanese and Scandinavian cuisine called Japandi. Japandi flavour combinations follow the classic principles of Japanese cuisine, combined with Scandinavian ingredients and cooking techniques.

The logo is an adaptation of the Nordic Hotel Forum's visual identity. It keeps the same rules and system. The colors used refer to the fusion cuisine the restaurant is offering. The identity is direct, timeless and efficient.

#### 3 San Hani - MEMO, 2022

Memo is the latest album by estonian artist San Hani, produced by producer Metabora. The identity that I created is based around a teeny faceless silhouette. San Hani's reccuring themes such as role-playing and having multiple personae are illustrated by the everchanging character. The multifaceted character evolves and reveals more characteristics, each time in empty landscapes, next to pencil sketches as if the maker was trying to build its own character.

#### 4 GRA Graduation Show, 2018

While working on Gerrit Rietveld Academie's Graduation Show 2018 identity I tried to embrace the festive aspect of the event while remaining aware of its signification, which is also a jump into the unknown. The visuals emerged from a fantasised narrative of such end-and-beginning. You will find the story spread throughout all the visuals/items of the identity.

#### **5** Quality Agreements, 2020

In 2019 Gerrit Rietveld Academie and Sandberg Instituut worked on a policy plan in order to improve the quality of the education. As a designer I wanted to make these trajectories more visible and emphasise that they are connected/ intertwined with each other through our design.

#### 6 Tittle-Tattle, 2018

Selection of excerpts from "The Art of Gaining Collective Understanding While Maintaining Autonomy in Graphic Design", an ethnographic research within the Graphic Design department of the Gerrit Rietveld Academie conducted by Mill Hail, September 2017. The characters in the comic are based on typographic quotation marks and portray the thesis's author and the students around him.

Published in GRAPHIC magazine (issue #42) in September 2018, Seoul<sup>KR</sup>
